	Geranium, Zonal	Allure Tangerine		50F	Full Sun	14-18	12-14	round	Bigger plants with nice green foliage and beautiful orange flowers. Mix with Black Velvet petunias for St. Charles school colors.	Blooms better if old blooms cut off.	Average					X
	Geranium, Zonal	Dynamo Series		50F	Full Sun	12-14	12-14	round	Our most dependable garden performer with green foliage and nice large blooms in an array of colors.	Blooms better if old blooms cut off.	Average					X
	Geranium, Zonal	Fantasia Series		50F	Full Sun	12-14	12-14	round	Dark green foliage always looks rich and healthy.	Blooms better if old blooms cut off.	Average					X
X	Gerbera	Garvinea Sweet Mix		50F	Full-Part Sun	18	18	round	Able to fight well against bad weather conditions & flower from early spring until the first frost! Suitable for planting directly in garden soil as well as being potted up into planters on your patio or decking.	Picking flowers encourages new growth, but twist the stems off at the base rather than cutting them.	Average		X			
	Gomphrena	Fireworks	Globe Amaranthus	50F	Full Sun	36	36	upright	Delivers an explosion of color in containers and garden by adding height and dimension. Drought tolerant & requires no maintenance making it a "care-free" plant that blooms all summer.	Give plenty of room in the garden!	Average		X	X		
X	Gomphrena	Ping Pong Mix	Globe Amaranthus	50F	Full Sun	16-20	10-12	upright	You won't believe it, till you see it! "Tough as nails", drought tolerant. Pink flowers with yellow tips are super cool.	Give plenty of room in the garden!	Average		X	X		
	Grass Eragrostis	Wind Dancer	Love Grass	50F	Full Sun	36	36	upright	Bluish-green, graceful grass has airy flower plumes in July and matures to a tan color in August and gradually to straw color in Autumn.	Very drought-tolerant. Give lots of room to "dance" in the wind.	Average		X			
X	Grass Milium	Flashlights	Golden Millet Grass	40F	Part-Full Shade	18-24	18-24	round	Provides a rich splash of smooth, loosely tufted, golden yellow foliage. Easy-care plant stylishly accents other bright colors.	Grow in most soils in sun or partial shade. Avoid extremes of wet or dry.	Average					
	Grass Pennisetum	Fireworks	Fountain Grass	50F	Full-Part Sun	30"	20"	upright	Variegated red fountain grass is stunning in mixed pots or plantings.	Grasses are drought tolerant, but best if well watered periodically.	Average		X			
	Grass Pennisetum	Rubrum	Fountain Grass	50F	Full Sun	36	24	upright	Waves of graceful, soft purple plumes arch up and out from burgundy foliage.	Grasses are drought tolerant, but best if well watered periodically.	Average		X			
	Grass Pennisetum	Vertigo	Fountain Grass	50F	Full Sun	48-96	24-36	upright	Large grass that is a great architectural element in the garden. The spiky foliage has presence even against other garden giants.	Grasses are drought tolerant, but best if well watered periodically.	Average		X			
	Grass, Hakonela	All Gold	Golden Japanese Forest	50F	Part-Full Shade	9-14	18-24	round	A brilliant grass that absolutely glows in the shade! It tends to be more chartreuse in heavier shade, and brighter gold in more sun.	Is Zone 5 hardy or treat as annual	Average					X
	Grass, Hakonela	Aureola	Golden Japanese Forest	50F	Part-Full Shade	24	24	round	Intriguing grass for the shade- variegated but nearly all yellow, the leaf blades have narrow green stripes in beautiful cascading (waterfall) habit.	Is Zone 5 hardy or treat as annual	Average					
	Grass, Juncus	Twisted Arrows	Common Rush	50F	Full Sun- Shade	18-36	12-18	upright	Cork-screw and straight spikes add fun to planters for kids of any age.	Loves the heat and works great as a water plant too.	Average-Consistent					
	Grass, Lagurus	Bunny Tail	Bunny Tail Grass	40F	Full Sun	12-20	12	upright	Topped with chartreuse puffballs that really do look like Peter Cottontail rummaging around in your grass, turn rich tan by fall, makes great winter interest.	Favors sandy soil & tolerates drought conditions once established.	Average					
	Gypsophila	Gypsy Rose Deep	Cushion Baby's Breath	50F	Full-Part Sun	8-10	12-14	round	Airy rose blooms float above plants. Great in baskets or ground.	Do not overwater.	Average					
	Helenium	Dakota Gold	Sneezeweed	50F	Full Sun	12-14	24-28	round	Easy-care, reliable native is great in hot & dry spots that need a touch of bright yellow.	Great to plant around the mailbox or dry spot that's difficult to water.	Low-Average			X		
	Helichrysum	Licorice	Licorice Plant	50F	Full-Part Sun	6	15-24	trailing	Fuzzy leaves come in silver, variegated or pale-lime. Great in baskets and planters for added texture.	Easy to grow, doesn't require much fertilizer.	Average					
	Helichrysum	Silver Mist	Miniature Licorice Plant	50F	Full-Part Sun	6	12-15	trailing	Small, silvery leaves are less vigorous than the typical licorice plant, so it won't take over everything else in baskets and planters.	Easy to grow, doesn't require much fertilizer.	Average					
	Hibiscus rosa sinensis	Assorted		60F	Full Sun	36"	30"	upright	Tropical hibiscus is great outside during the summer. Dark green, glossy leaves are great backdrop to the vibrant colors.	Best in moist soil, otherwise may drop buds.	Average-Consistent			X		
	Impatiens	Impreza Series	Busy Lizzy	50F	Part-Full Shade	6-8	12-14	round	New and improved impatiens has more branches for a fuller, more colorful display all summer.	Best with afternoon shade. Will stop flowering if fed too much.	Average-Consistent					
	Impatiens, Double	Fiesta Bonita Series	Busy Lizzy	50F	Part-Full Shade	10-12	10-12	round	Little rose bud blooms are and elegant addition to shady planters and gardens.	Best with afternoon shade. Will stop flowering if fed too much.	Average-Consistent					
	Impatiens, New Guinea	Celebration Series	Busy Lizzy	50F	Part-Full Shade	10-12	10-12	round	Large flowers on big plants, give large color impact from a distance.	Best with afternoon shade. Will stop flowering if fed too much.	Average-Consistent					
	Impatiens, New Guinea	Divine Series	Busy Lizzy	50F	Part-Full Shade	10-12	12-14	round	Full plants are covered with blooms making them great for baskets and planters.	Best with afternoon shade. Will stop flowering if fed too much.	Average-Consistent					
X	Impatiens, New Guinea	SunPatiens Compact Magenta Royal	Busy Lizzy	50F	Part-Full Shade	14-28	14-24	round	Vivid violet color with worry-free performance, including sun or shade versatility, continuous color, thrives in heat & humidity, easy to grow & low maintenance care.	Will take full sun in ground beds if given enough water.	Average-Consistent					
X	Impatiens, New Guinea	SunPatiens Compact Tropical Rose V/L	Busy Lizzy	50F	Part-Full Shade	14-28	14-24	round	Stunning rose flowers on variegated foliage with worry-free performance, including sun or shade versatility, continuous color, thrives in heat & humidity, easy to grow & low maintenance care.	Will take full sun in ground beds if given enough water.	Average-Consistent					
X	Impatiens, New Guinea	SunPatiens Spreading Pink Kiss	Busy Lizzy	50F	Part-Full Shade	18-20	24-30	trailing	Great pink color in a trailing impatiens, perfect for cascading down in baskets and planters.	Will take full sun in ground beds if given enough water.	Average-Consistent					
	Impatiens, Trailing	SunPatiens Spreading Series	Busy Lizzy	50F	Part-Full Shade	18-20	24-30	trailing	Wherever planted count on worry-free performance, including sun or shade versatility, continuous color, thrives in heat & low maintenance care, PLUS spreading habit great for baskets, planters or in the ground.	Will take full sun in ground beds if given enough water.	Average-Consistent					
	Ipomea	Illusion Series	Sweet Potato Vine	50F	Full-Part Sun	6	24	trailing	Finely cut leaves in black or chartreuse are less vigorous, making them great in baskets or planters, since less likely to take over other plants.	Will grow tubers underground that small rodents like.	Average-Consistent					
	Ipomea	Solar Power Series	Sweet Potato Vine	50F	Full-Part Sun	10-12	24-36	trailing	Densely branched SolarPower holds its shape and color in landscape and mixed combos all Summer long. Won't take over other plants in containers & baskets.	Will grow tubers underground that small rodents like.	Average-Consistent					
	Ipomea		Sweet Potato Vine	50F	Full-Part Sun	6	36	trailing	Very vigorous foliage in different colors are great in baskets or planters, but may take over less vigorous plants.	Will grow tubers underground that small rodents like.	Average-Consistent					
	Iresine	Bloodleaf	Herbst's bloodleaf	50F	Full Sun- Shade	18-30	16-20	round	Striking rose & pink leaves are great backdrop to sun or shade loving flowers in white, yellow, pink, purple, orange and blue.	Best with afternoon shade, but will take more sun if humid.	Average					
X	Lantana	Bloomify Series	Shrub Verbena	60F	Full Sun	10-12	10-12	trailing	Completely sterile (doesn't go to seed), so it won't go out of flower in the heat of Summer. Loves sun, heat and humidity! Great ground cover or trailing in baskets and planters.	Do not overwater.	Low-Average			X	X	X
X	Lantana	Lucky Series	Shrub Verbena	60F	Full Sun	10-12	10-12	round	Loves sun, heat and humidity! Great ground cover or filler in baskets and planters.	Do not overwater.	Low-Average			X	X	X
X	Laurentia	Beth's Blue	Star Flower	50F	Full Sun	12-14	10-14	round	Unique star-shaped, lavender flowers, this plant plays well with others in containers & landscapes. Once it gets started, blooms right on through heat of summer until frost.	Prefers to grow in average to moist soil & shouldn't be allowed to dry out.	Average-Consistent				X

NEW	Crop	Variety	Common Name	Min temp	Sun	Height (inches)	Width (inches)	Habit	Description	Tip	Water Needs	Fragrant	Cut Flower	Attracts Butterfly	Attracts Hummingbirds	Deer/Rab Resist
	Linaria	Enchantment	Toadflax	40F	Full Sun	14-16	12-14	upright	Incredibly fragrant, vivid magenta and yellow blooms are great to place where you can see and smell them.	Prefers cool temps, best in morning sun with afternoon shade.	Average	X			X	
	Lisianthus	ABC	Prairie Gentian	60F	Full Sun	24-30	6	upright	Elegant double flowers, look like roses, but petals are paper light. Will last 3-4 weeks as outflower in water or all day out of water.	Loves heat, but do not overwater.	Average		X			
	Lobelia	Magadi Series		40F	Full-Part Sun	8-12	6-10	trailing	Great blue for baskets, window baskets and containers. Better heat tolerance means this lobelia will keep blooming thru the summer.	Best heat tolerance, but best in morning sun with afternoon shade.	Average					
	Lobelia	Riveria Series		40F	Part Sun	5	8	round	Beautiful blue shades work great with impatiens in shady bakets and planters.	Prefers cool temps, best in morning sun with afternoon shade.	Average					X
X	Lobularia	Deep Lavender Stream	Sweet Alyssum	40F	Full-Part Sun	8-12	8-12	trailing	Covered in loads of small, lavender flowers on a little smaller plant that won't take over everything. Great heat tolerance and loves cool temps, so provides color till frost.	This is a water hog, but it bounces back great if it gets too dry.	Average					
	Lobularia	Silver Stream	Sweet Alyssum	40F	Full-Part Sun	8-12	8-12	trailing	Covered in loads of small, white flowers on a little smaller plant that won't take over everything. Great heat tolerance and loves cool temps, so provides color till frost.	This is a water hog, but it bounces back great if it gets too dry.	Average					
X	Lobularia	Stream Purple	Sweet Alyssum	40F	Full-Part Sun	8-12	8-12	trailing	Covered in loads of small, purple flowers on a little smaller plant that won't take over everything. Great heat tolerance and loves cool temps, so provides color till frost.	This is a water hog, but it bounces back great if it gets too dry.	Average					
	Lophospermum	Lofos Compact Rose	Creeping Gloxinia	50F	Full Sun	8	12	trailing	Rose tubular flowers develop on new growth along lots of shorter branches of the vine. Great in baskets or containers in combination or on it's own.	To make the plant climb some training will be necessary.	Low-Average				X	
X	Lophospermum	Lofos Compact White	Creeping Gloxinia	50F	Full Sun	8	12	trailing	White tubular flowers develop on new growth along lots of shorter branches of the vine. Great in baskets or containers in combination or on it's own.	To make the plant climb some training will be necessary.	Low-Average				X	
	Lysimachia	Creeping Jenny	Creeping Jenny	40F	Full Sun-Shade	2-4	24	trailing	Chartreuse foliage makes great ground cover, as well as cascading from baskets and planters.	Greenish gold foliage turns bright yellow in sun.	Average-Consistent					
X	Lysimachia	Variegated	Golden Globes	40F	Full-Part Sun	2-10	10-12	trailing	Yellow-green foliage accented with yellow flowers makes great ground cover, as well as cascading from baskets and planters.	In extreme heat, plants do better with a little afternoon shade & moist soil.	Average-Consistent					
	Mandevilla	Crimson Garden	Brazilian Jasmine	60F	Full Sun	12-18	18-24	trailing	Naturally compact selection is stunning in an entry, patio or balcony, spilling out of hanging baskets and window boxes.	Best basket/planter that will take extremes of heat, sun and wind.	Average				X	
X	Mandevilla	Sun Parasol Apricot	Brazilian Jasmine	60F	Full Sun	12-18	36	trailing	Big breakthrough color, Apricot is a very fast grower with excellent branching, making it ideal for trellises in larger pots & trailing habit is also beautiful in hanging baskets.	Will take extremes, great in pot on trellis or hanging basket when long vines trimmed back to buds or blooms.	Average				X	
	Mandevilla	Sun Parasol Series	Brazilian Jasmine	60F	Full Sun	12-18	36	trailing	Cross between mandevilla & dipladenia in wide range of colors, as well as trailing habit ideal for baskets. Best plant for extreme heat, sun & wind.	Trimming long vines back to buds or blooms will make plants bushier.	Average				X	
	Manettia leuorubra	Candy Corn Vine	Firecracker Vine	60F	Full-Part Sun	5-6 ft	18-24	upright	Interesting vine with red/yellow flowers that look like candy corn or firecrackers. Needs heat, so will be in prime by mid summer.	Can be grown indoors, just need to cut back to keep in control.	Average			X		
	Marigold, African	Inca II Series		50F	Full Sun	12-14	12-14	round	Large double blooms top plants.	Blooms make great table decorations.	Average					X
	Marigold, African	Vanilla		50F	Full Sun	16	10	round	Unique, creamy white, double blooms top vigorous plants.	Do not over-head water, as water on blooms will turn them brown.	Average					X
	Marigold, French	Bonanza Series		50F	Full Sun	10-12	6-8	round	Traditional marigold with lots of colors and patterns.	Plant among vegetables to repel some insects.	Average					X
	Marigold, French	Durango Series		50F	Full Sun	10-12	6-8	round	Large flat blooms cover vigorous plants.	Plant among vegetables to repel some insects.	Average					X
	Marigold, French	Strawberry Blond		50F	Full Sun	8-10	6-8	round	Full blooms in a mix of colors never seen in marigolds.	Plant among vegetables to repel some insects.	Average					X
	Matthiola	Hot Cakes Mix	Stock	40F	Full Sun	15-20	6-8	upright	Incredible fragrance makes these flowers such a pleasant way to rejoice in Spring's arrival. Great companion to pansies & violas.	Prefers cool temps, best in morning sun with afternoon shade.	Average	X	X			
X	Mecardonia	Little Sunshine	Axillflower	40F	Full Sun	4-6	14-18	trailing	Small green leaves are covered with yellow nemesia-like flowers from May through October, excellent heat tolerance, as well as cold, so blooms spring to fall.	No serious insect or disease problems. Root rot may occur in overly moist or poorly drained soils.	Average			X	X	
	Millet, Ornamental	Jade Princess		50F	Full-Part Sun	36-48	18-24	upright	Chartreuse foliage is great backdrop to purple and rose flowers. Thrives in heat and sun.	Will stop growing if plant gets root bound.	Average		X	X		
	Millet, Ornamental	Jester		50F	Full-Part Sun	36-48	10-14	upright	Foliage starts chartreuse when young, becomes bronze and eventually dark purple/black when mature. Thrives in heat and sun.	Will stop growing if plant gets root bound.	Average		X	X		
	Morning Glory	Blue Heaven		50F	Full-Part Sun	16-24	48-60	trailing	Sky blue flowers open in the morning. Try mixing with other vines, like Thunbergia, on same trellis.	Feel free to trim to make bushier.	Average					X
	Muehlenbeckia	Creeping Wire Vine	Creeping Wire Vine	50F	Full-Part Sun	6	24	trailing	Tiny round leaves are glossy green that turns bronze toward winter and sometimes in extreme heat. Flowers are minimal, but white berries will form toward end of summer.	Can be used as annual groundcover in areas with poor soil.	Low-Average					X
	Nasturtium	Alaska		50F	Full-Part Sun	12	16	trailing	Bright yellow and red tones against round leaves are great in baskets, planters or as ground cover.	Flowers are edible, making great salad garnish.	Average					
	Nasturtium	Jewel Mix		50F	Full-Part Sun	12	16	trailing	Bright yellow and red tones against round leaves are great in baskets, planters or as ground cover.	Flowers are edible, making great salad garnish.	Average					
X	Nemesia	Innocence Opal		40F	Full Sun	10-16	8-10	round	Another great plant to put with pansies in spring. May flush out of flower if night temps stay 70+F. Light trim to shape them will increase branching & result in more flowers once temperatures fall.	Prefers cool temps, best in morning sun with afternoon shade.	Average	X				
	Nemesia	Sunsatia Blood Orange		40F	Full Sun	10-14	12-16	trailing	Rich shades of orange, red & yellow holds its own in both cool and hot temperatures, and is outstanding in hanging baskets, combos, and window boxes.	Colors will be more intense under cool temps, but don't overwater.	Low-Average					
X	Nemesia	Sunsatia Cranberry		40F	Full Sun	6-10	12-16	trailing	Profuse flowers in deep red cascade from pots and baskets all season, holds its own in both cool and hot temperatures.	Colors will be more intense under cool temps, but don't overwater.	Low-Average					
	Nicotiana	Starmaker Mix	Common Tobacco	50F	Full-Part Sun	10-12	10-12	round	Also known as "Flowering Tobacco" these tubular flowers in a range of colors that thrive in sun & heat, are a favorite of hummingbirds.	Place near water and where you can view hummingbirds.	Average	X			X	
	Osteospermum	Akila Series	African Daisy	40F	Full Sun	16-20	16-20	round	These daisies are great companion to pansies, in shades of lavender & white.	Prefers cool temps, best in morning sun with afternoon shade.	Average					
	Osteospermum	Blue-eyed Beauty	African Daisy	40F	Full Sun	10-14	14-20	round	African daisy in bright yellow with a white & lavender/blue ring at the center. Great to combine with blue & purple flowers.	Prefers cool temps, best in morning sun with afternoon shade.	Average					
	Osteospermum	Serenity Bronze	African Daisy	40F	Full Sun	10-14	14-20	round	African daisy in unique copper/bronze with lavender ring at the center. Great to combine with purple flowers.	Prefers cool temps, best in morning sun with afternoon shade.	Average					
	Osteospermum	Serenity Rose Magic	African Daisy	40F	Full Sun	10-14	14-20	round	African daisy in pink to rose tones and "Magic" colors change as flowers fully open.	Prefers cool temps, best in morning sun with afternoon shade.	Average					
	Osteospermum	Voltage White		40F	Full Sun	10-16	24-28	round	The first African daisy that will take heat! Vivid yellow works great with purples and blues.	Prefers cool temps, best in morning sun with afternoon shade.	Average					

Pork Plants 2017 Annual List

NEW	Crop	Variety	Common Name	Min temp	Sun	Height (inches)	Width (inches)	Habit	Description	Tip	Water Needs	Fragrant	Cut Flower	Attracts Butterfly	Attracts Hummingbirds	Deer/Rab Resist
	Osteospermum	Voltage Yellow	African Daisy	40°F	Full Sun	10-16	24-28	round	The first African daisy that will take heat! Vivid yellow works great with purples and blues.	Prefers cool temps, best in morning sun with afternoon shade.	Average					
X	Oxalis	Zinfandel	Shamrock Plant	50°F	Full-Part Sun	6-12	10-12	round	Black purple clover leaves have bright yellow flowers. Great outside or as indoor plant.	Non-invasive like weed clover.	Average					
	Pansy	Frizzle Sizzle Mix		40°F	Full-Part Sun	6-8	8-10	round	Unique, frilly flowers are "frilliest" under cool temps, will be flatter in middle of summer.	Prefers cool temps, best in morning sun with afternoon shade.	Average					
	Pansy	Halloween II		40°F	Full-Part Sun	8	8-10	round	Smaller black flowers are perfect for Halloween or in combination with white for a very elegant look.	Prefers cool temps, best in morning sun with afternoon shade.	Average					
	Pansy	Matrix Series		40°F	Full-Part Sun	8	8-10	round	Lots of color in cute, large flowers.	Prefers cool temps, best in morning sun with afternoon shade.	Average					
	Pansy, Trailing	Cool Wave Mix		40°F	Full-Part Sun	6-8	18-24	trailing	Trailing pansy great for baskets and planters, will take the most cold and heat of any pansy.	Prefers cool temps, best in morning sun with afternoon shade.	Average					
	Passiflora	Aphrodite's Nightie	Purple Passion Flower	50°F	Full-Part Sun	4-12 ft	18-36	trailing	Passion flowers are so cool, but often don't grow & flower fast. This passion flower has even more power to attract due to its sterility, and hence, more vigorous growth.	Grows fast, give lots of room & trellis support.	Average				X	
X	Pentas	Falling Series	Egyptian Starcluster	60°F	Full Sun	10-12	18-24	trailing	Bred for unique trailing habit and large, richly colored flower clusters. They are best-suited for hanging baskets and mixes. Perform best under warm temperatures.	Do not let dry out.	Average-Consistent	X		X		X
X	Pentas	Lucky Star Dark Red	Egyptian Starcluster	60°F	Full Sun	12-16	12-14	upright	Bred for faster, continuous blooming for constant color all summer.	Do not let dry out.	Average-Consistent		X	X		
	Pepper, Ornamental	Purple Flash		60°F	Full Sun	13-15	19-21	round	Striking flashes of bright purple foliage among almost-black leaves contrast with small, glossy black "hot" fruit. Very heat tolerant.	Aphids may appear, but just wash off with soapy water.	Average					X
	Perilla	Magilla Purple	Beafsteak Plant	50°F	Full Sun-Shade	24-36	12-18	upright	Striking, multi-color works great with rose/magenta flowers. Vigorous, fills planters and gardens fast.	Feel free to cut back if gets too big.	Average					
X	Petunia	Amore Queen of Hearts		40°F	Full Sun	8-10	12-14	round	Yellow star pattern creates a Red heart shape around the flower. Unique color pattern is very stable (won't change with fertilizer or temperature).	Continues to bloom as long as you feed, feed, feed!	Average					
	Petunia	Lime Light		40°F	Full Sun	8-12	8-12	round	Dainty plant and flowers with striking contrast of rose-pink blooms with a chartreuse edge. Great on it's own or combined with lime foliage for flowers.	Continues to bloom as long as you fertilize!	Average				X	
	Petunia	Perfectunia Orange		40°F	Full Sun	9	12	round	Vivid orange flowers are great alone or in combination with red, yellow, blue, pink and purple.	Continues to bloom as long as you feed, feed, feed!	Average					
	Petunia	Potunia Purple Halo		40°F	Full Sun	8-12	12-14	round	White ring around edge of purple blooms are striking from a distance.	Continues to bloom as long as you fertilize!	Average				X	
	Petunia	Pretty Grand Series		40°F	Full Sun	8-10	10-12	round	Loads of large blooms cover compact plants so they don't get leggy like old petunia varieties.	Need to cut off old blooms to promote new flowers.	Average					
	Petunia	Sophistica Series		40°F	Full Sun	10-15	10-12	round	New unique colors will change as environment changes (temperature, more or less fertilizer).	Need to cut off old blooms to promote new flowers.	Average					
	Petunia, Double	Double Madness Series		40°F	Full Sun	10-15	10-12	round	Lots of medium-sized double blooms.	Need to cut off old blooms to promote new flowers.	Average					
	Petunia, Double	Pirouette Series		40°F	Full Sun	10-15	10-12	round	Large double blooms in multi-colors.	Need to cut off old blooms to promote new flowers.	Average					
	Petunia, Spreading	African Sunset		40°F	Full Sun	10-24	24-30	trailing	Flowers in fantastic orange shades cover this trailing petunia all summer in baskets or the ground. AAS Award winner	Continues to bloom as long as you fertilize!	Average				X	
	Petunia, Spreading	Cascadias Indian Summer		40°F	Full Sun	8-18	36-48	trailing	The name says it all, attractive shades of yellow to orange, all in one plant!	Continues to bloom as long as you feed, feed, feed!	Average					
X	Petunia, Spreading	Cascadias Rim Cherry		40°F	Full Sun	6-12	10-15	trailing	Rich cherry blooms rimmed in white create a carpet of color and fragrance across plants.	Continues to bloom as long as you feed, feed, feed!	Average					
X	Petunia, Spreading	Color Rush Series		40°F	Full Sun	10-12	24-36	trailing	Vigorous Petunia ideal for larger containers and baskets, as well as landscapes. Best match for blue to Tidal Wave petunias.	Continues to bloom as long as you feed, feed, feed!	Average					
X	Petunia, Spreading	Crazytunia Moonstruck		40°F	Full Sun	8-10	9-12	trailing	Maroon bloom with yellow/white center creates very unique color pattern.	Continues to bloom as long as you feed, feed, feed!	Average					
	Petunia, Spreading	Easy Wave Series		40°F	Full Sun	8-12	30-36	trailing	Large blooms cover spreading plants making them great for baskets and planters.	Continues to bloom as long as you feed, feed, feed!	Average				X	
X	Petunia, Spreading	Easy Wave Yellow		40°F	Full Sun	8-12	30-36	trailing	Large blooms of light yellow & darker yellow centers cover spreading plants making them great for baskets and planters.	Continues to bloom as long as you feed, feed, feed!	Average
